

## **Minor Assignment #2: Aperture/Depth of Field**

**This assignment will be shot on one roll of film with 10 shots and you will work in pairs. Each pair will receive one sheet of paper in a black bag. You will be shown how to cut paper and you will print three 2.5" x 3.5" images each.**

Photograph the following for Aperture:

1. Set your ISO to 400.
2. Find a subject that is not moving and set your aperture to its widest opening (smallest f/stop number) f2.8, adjust your shutter so that you will have proper exposure and take a picture.
3. Change your aperture setting to a middle range opening f/8, adjust your shutter so that you have proper exposure and take a picture.
4. Change your aperture setting to the smallest opening (highest f/stop number) f/22, adjust your shutter so that you have proper exposure and take a picture.
5. In your sketchbook write about what happens to each of the three photographs as you change your aperture setting.
