

Work Experience Photo Project

For this project, I would like you to get photos of your work experience placement.

You will be placing your photos into an MS Word Doc or a Google Drive Doc and putting some text with your photos.

Here are some things I would like you to get photos of and/or explain to me:

1. How do you get to work? Bus? Car? Take a photo of your transportation.
2. Who do you work with? Do you go alone, with an SEA, or do some of your friends work at the same time with you? Get photos of all these people you are working with
3. Where do you work? Take pictures of where you are working.
4. What do you do at work? Have someone take a photo of you, or get images of what you do while at work.
5. What do you do when you are done your shift? Do you have clean up that needs to happen?
6. Do you have a uniform or anything that you wear specifically for work?
7. Are there any special tools you use for work? Show them to me.

When you have all these photos taken, please upload them to the correct location, and begin to create your document.
