

Photography 12

Mission statement: To improve visual communication via technology, to interpret and critique the work of others, and to further personal expression

Marking

- **Marking will be transparent, you will be using a very simple rubric, with your score out of 4.**

4= Beyond expectations

3=Meets expectations

2=Legible, but could be better

1=Poor craftsmanship

0=incomplete project

- **Marking will be peer based and summative.**
- **You will receive constant feed back (ie. You will not be left guessing about your grades)**
- **Parkinson's rule...ask me about it!**
